### **PRE-BID QUESTIONS**

1. Question: Is the eavestrough to be copper to match the roof or another material?

Answer: Due to the cost of copper and budget constraints, the Town is open to recommendations.

2. Question: Is there to be a stone cap on the Main Entrance retaining wall?

Answer: Yes, Stone cap on the main entrance retaining wall is required to protect from weather and erosion.

3. Question: For the Childrens Entrance replacement of sliding doors with **not** sliding doors, what type of doors are to be used?

Answer: Combination of exterior entrance and exit doors and/or sidelights due to the size of opening. Open to recommendations for size/style (i.e. French doors or combination of hinged doors) to meet or exceed Ontario Building Code and AODA accessibility requirements.
