9. Detachment Commander's update

Acting Detachment Commander (A/DC) MacNeil provided a detailed report of statistics for our detachment area. While there is no break-out for individual municipalities, she noted if any heads of council would like an individual report on statistics relating to their municipality, that can be provided.

A/DC reviewed the document with the board, as it was the first time seeing how this report will be provided each month. Questions were asked and answered. There was short discussion on how the board could help to educate the public regarding speeding.

The A/DC noted three new recruits have arrived at the detachment and have been assigned to training officers. There will be another recruit arriving in May and 3 in August. Currently, staffing is at 68 percent.
